

# Monthly Indicators

## August 2025

U.S. existing-home sales rose 2.0% month-over-month and 0.8% year-over-year to a seasonally adjusted annual rate of 4.01 million units, according to the National Association of REALTORS® (NAR). Economists polled by Reuters had forecast a rate of 3.92 million units. Regionally, sales increased on a monthly basis in the West, South, and Northeast, but declined in the Midwest.

New Listings in the Central Mississippi REALTORS® service area decreased 10.5 percent to 590. Pending Sales increased 15.2 percent to 484. Inventory increased 3.2 percent to 1,985.

Median Sales Price increased 4.4 percent from \$252,000 to \$263,000. Days on Market increased 20.0 percent to 60. Months Supply of Inventory increased 4.8 percent to 4.4.

Nationally, 1.55 million units were listed for sale heading into August, up 0.6% from the previous month and 15.7% higher than the same time last year, representing a 4.6-month supply at the current sales pace, according to NAR. Inventory is now at its highest level since May 2020, a shift that has helped slow price growth in many markets. As a result, the national median existing-home sales price edged up just 0.2% year-over-year to \$422,400.

## Quick Facts

\* Pct. of List Price Received for all properties from September 2024 through August 2025. This is not the average of the individual figures above.

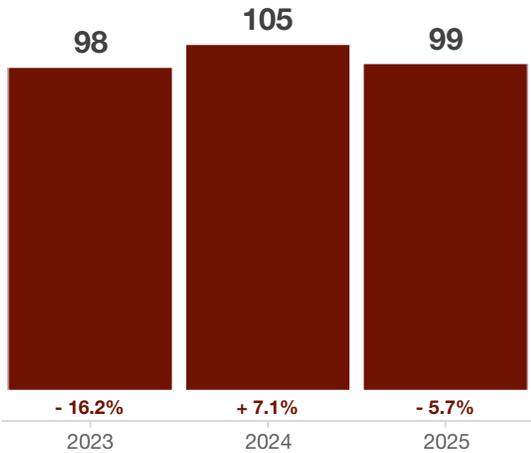

## Historical Percent of List Price Received by Month

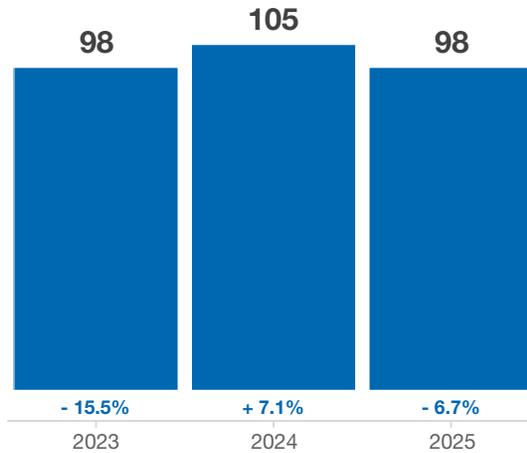

# Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income is 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.

## August
